

## 1. Phased Project

### PHASED PROJECT

Each Phase is a Separate  
Development.....

**Market and Local Needs  
Dictate Details**

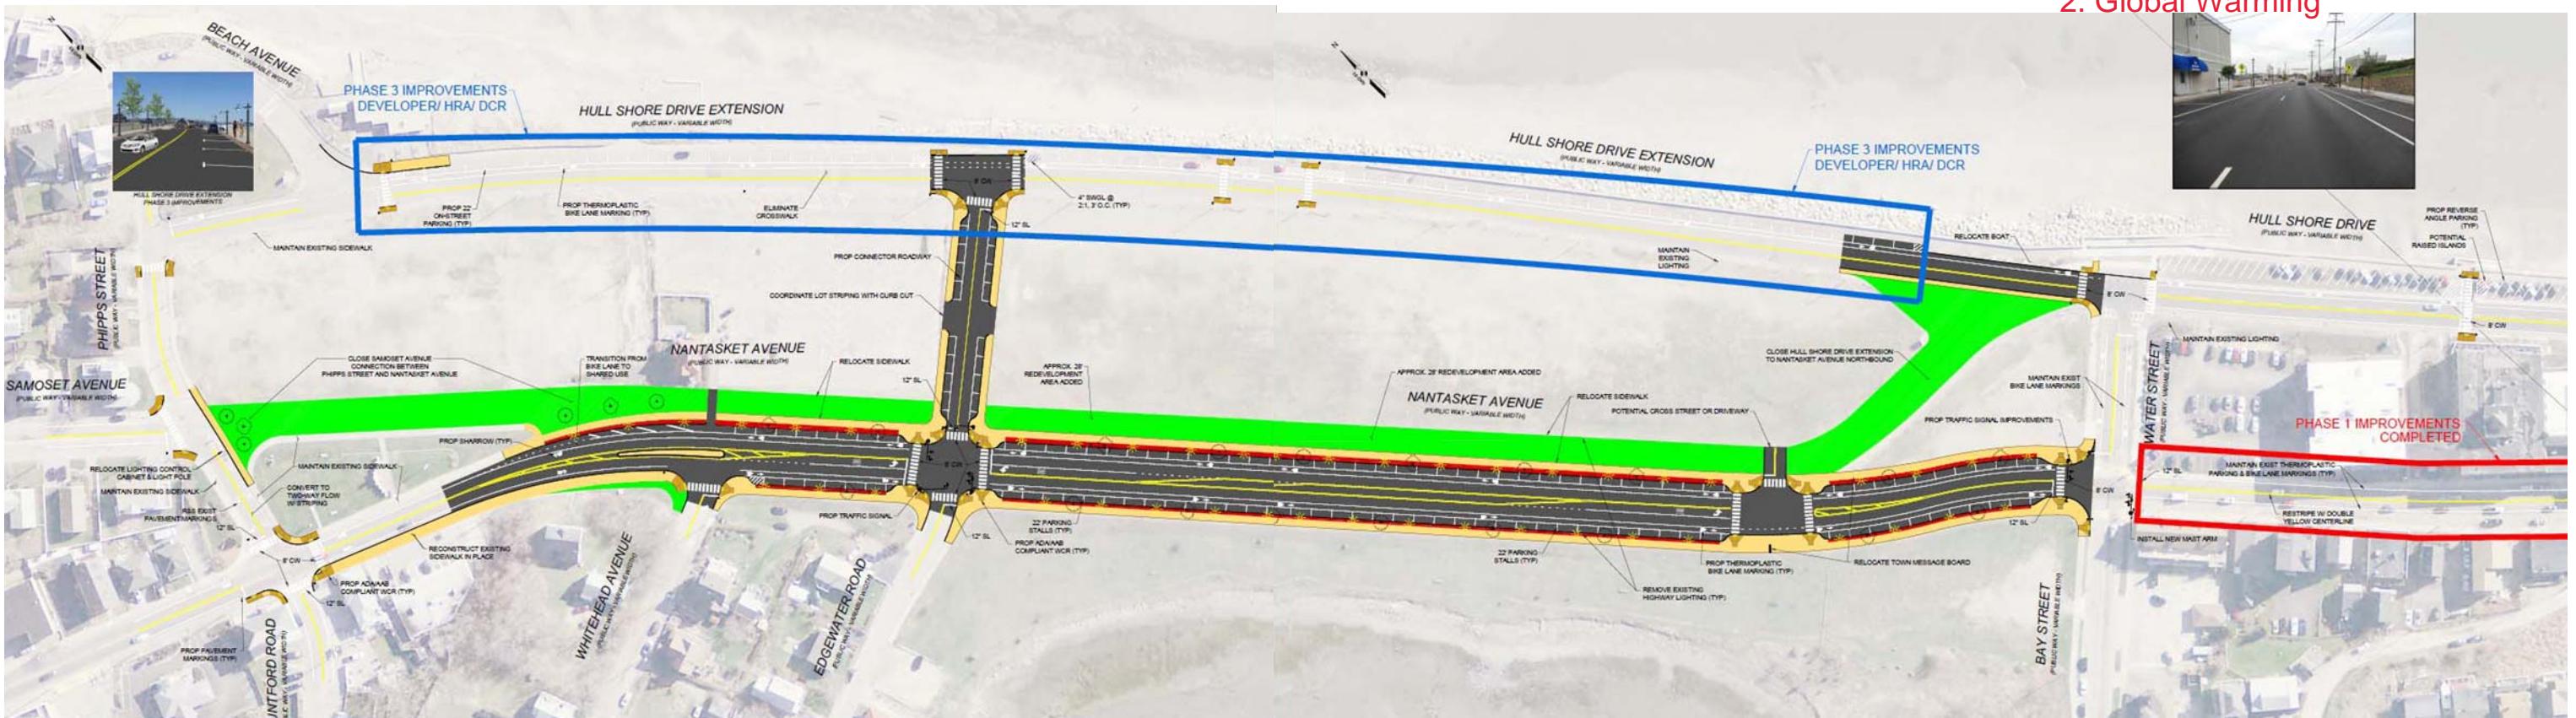

Maximum  
Development  
Images

Low Scale Planned  
Development Images

## 2. Global Warming

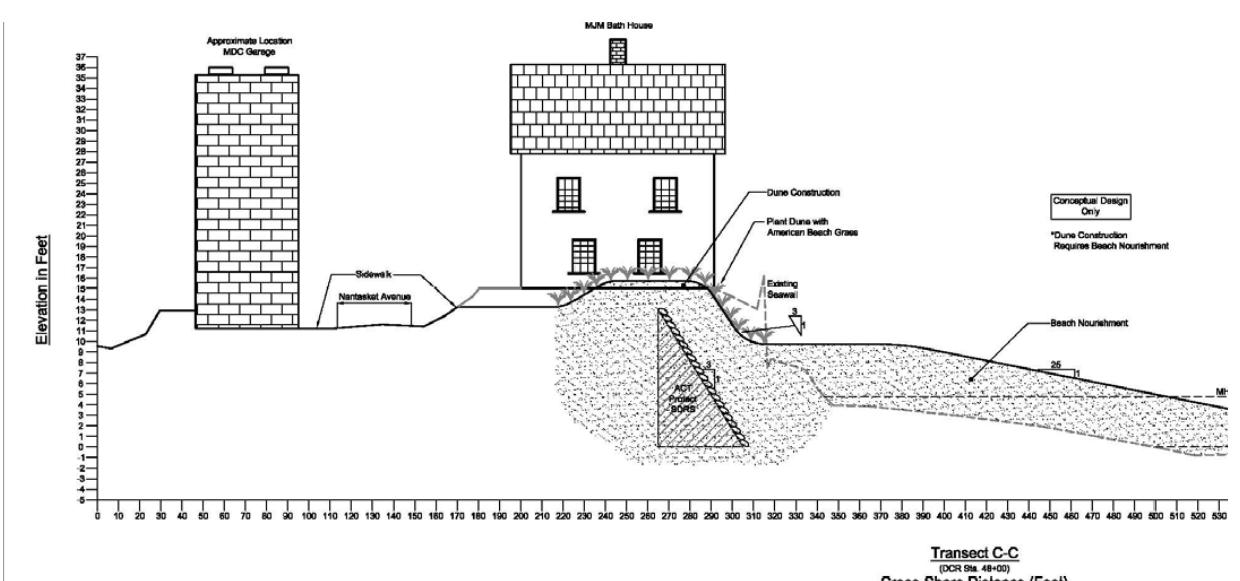

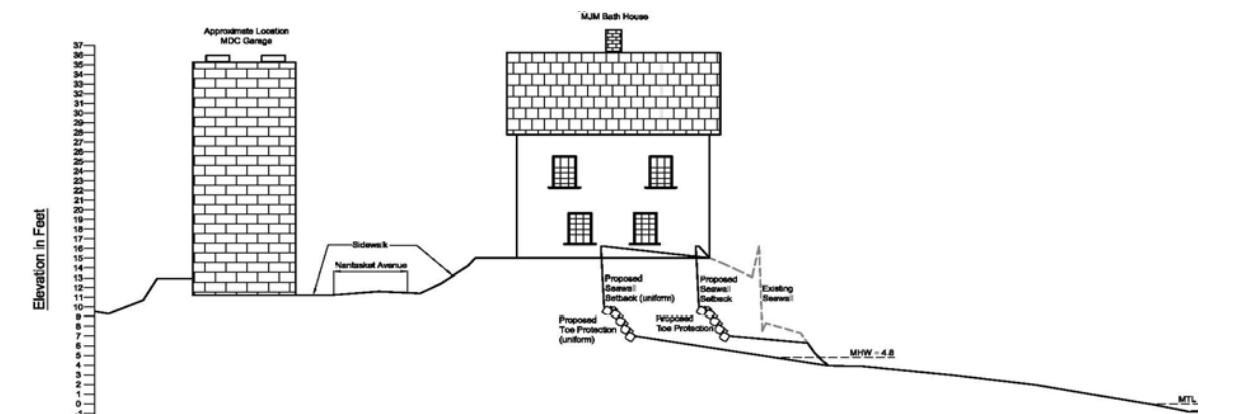

# Global Warming

## Flood Threat

- ⇒ Flood resilience required
- ⇒ “Modular” protection techniques

**New 2-way road system implementation must demonstrate flood control for the future!**

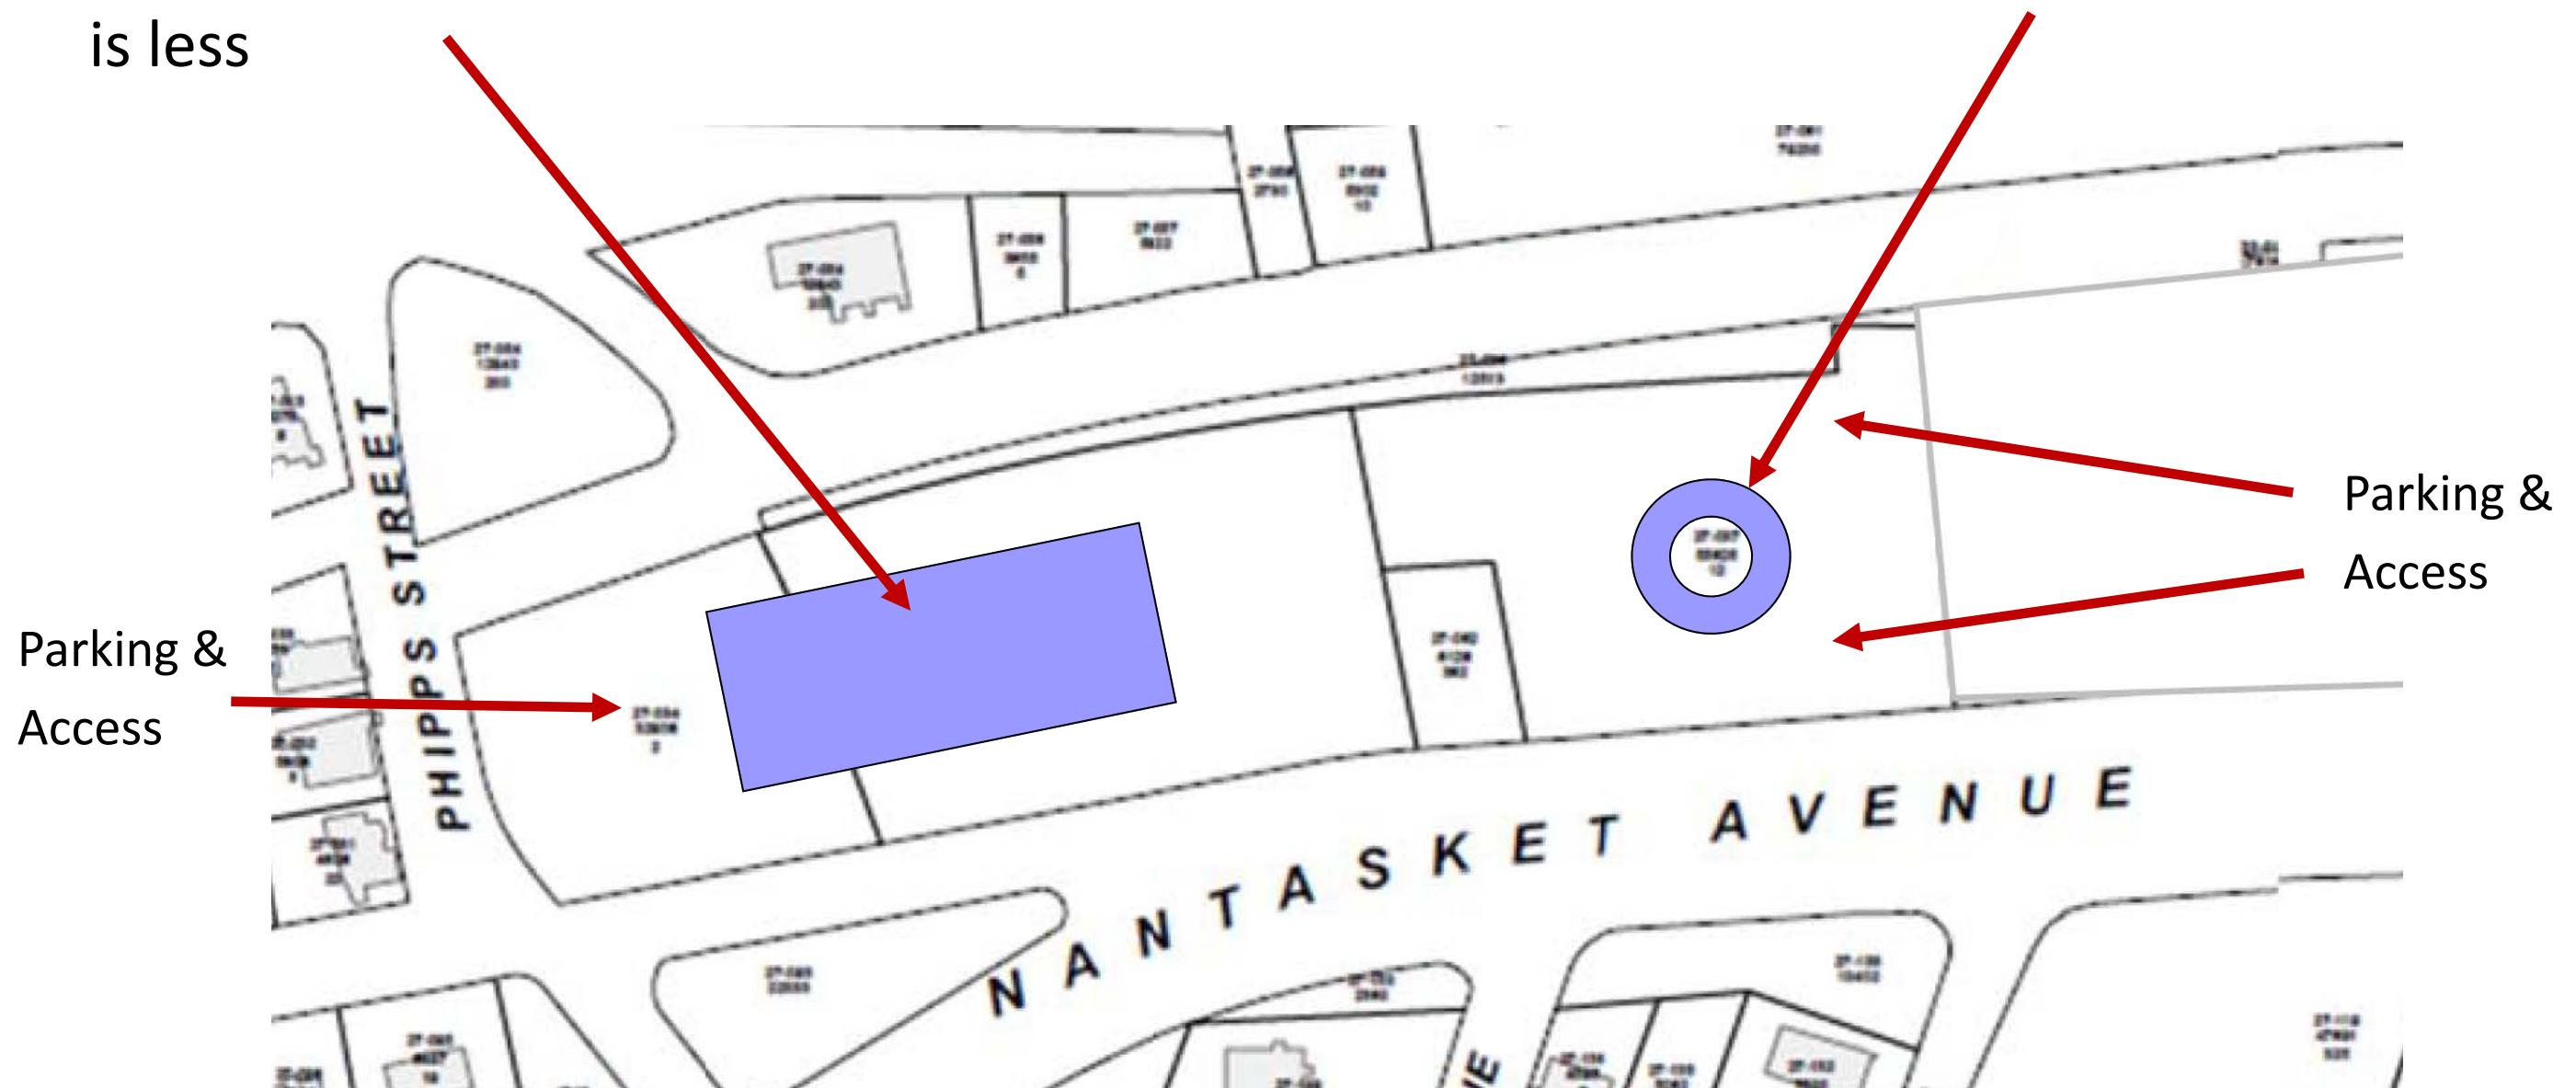

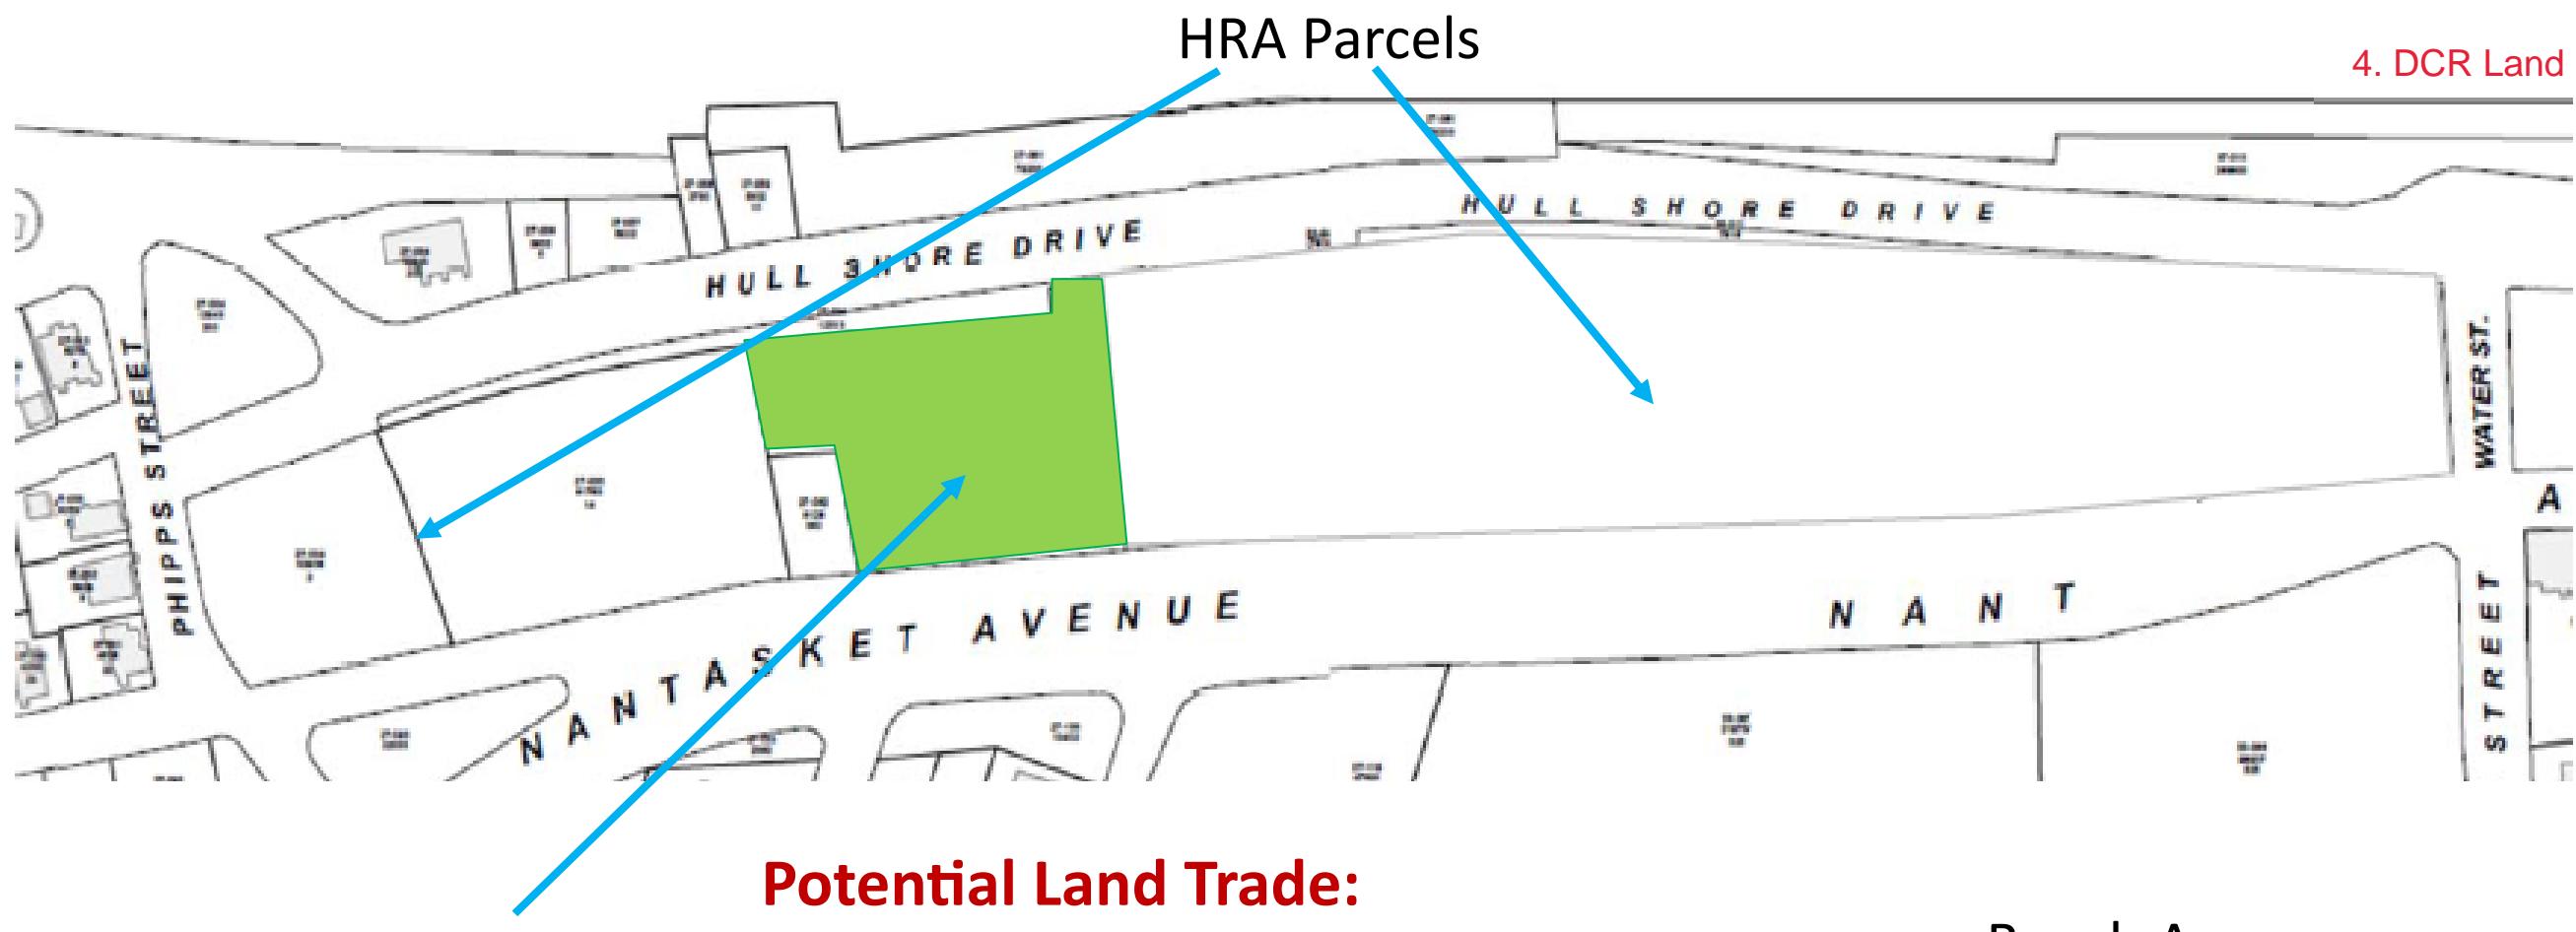

# Community Based Facilities at Scale

The size of an  
indoor athletic center

The size of a Boys & Girls Club  
is less

The size of the carousel.  
Ample space for parking  
and functions.
