

VISION BOARD

Hatch Shell

Hampton NH's Sea Shell

One town residents on social media requested structure colors that match the ocean. As you can see from the picture of Hampton Beach's Sea Shell above, blues and grays would tie-in the background landscape and beauty to the open space.

The Hull O Trolley

The Hull O Trolley, which is sorely missed, adds to the function, beauty, proposed revenue and nostalgic appeal of this plan.

Concrete Picnic tables that are accessible are non-corrosive and natural.
